

Tutorial to make timelines with Timetoast

Here are the steps to make timelines with Timetoast

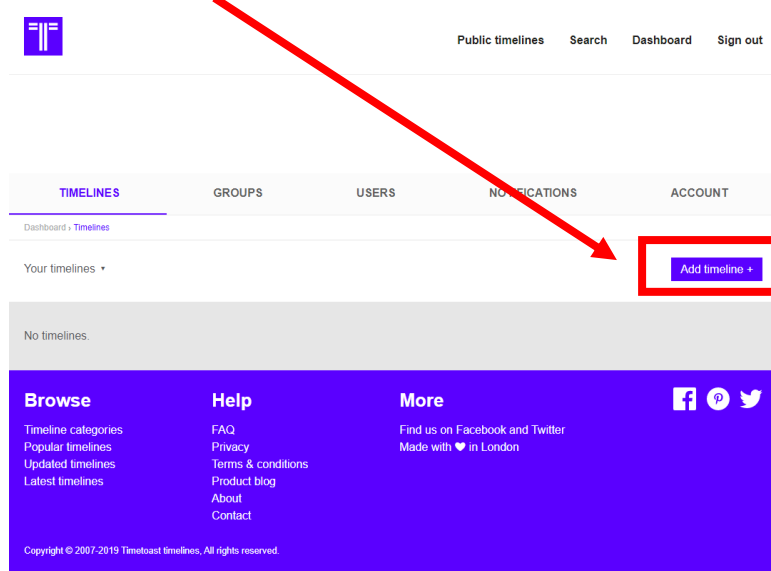

1- Googling Timetoast

2- This is the beginning view of Timetoast. Choose “sign in” and provide the following email address histoiregeoduclaux@hotmail.com and the password : loukacolin15

3- Then, click on “Add timeline”

4- This is the time for you to create your timeline. In title column, write the title of your timeline (and add your both family names). In public status column, choose “public”. In category column, choose category of your timeline. You can also add a photo illustrating your work that you would have recorded previously on your computer.

5- There are 3 menus on the bottom of timetoast:

- “Add event”: is used to create event
- “Add timespan”: is used to make your chronological timeline
- “Edit”: is used to change your picture of timeline title

6- **Add Event** (You can add the event of your timeline by clicking "Add Event") 7- **Add Timespan**
You can add photos to illustrate the main events of your work.
